Subject: road damage at Allesandro and Glendale Blvd
To: <councilmember.ofarrell@lacity.org>

The road ditch in the asphalt has opened up again as one is traveling down the hill on Allesandro, and turning right to enter the freeway. It has been fixed so many times over the years and is now the worst it has been. It is gouged out in a way that causes damage to the car and to tires.
I fume on my way to work every day. Please contact a company that can fix it. Up to now whatever they are doing is making it worse and worse.
Please address this problem as soon as possible.
Sincerely,

--
With kind regards,

Mitch O'Farrell

Hi [REDACTED],

The Councilmember asked that I follow up on your email regarding the road damage. Have you opened a ticket with the Department for repairs? If you have a picture I can send help follow up with the department.

Please let me know if you want to schedule a call to further discuss.

Thank you for reaching out to our office. I look forward to talking to you soon.

Someone else must have already turned it in. They fixed it in a temporary way. It's been done at least 10 times before. Hopefully they'll follow through this time. I hope Mitch can influence these types of problems. We're trying not to be totally depressed with the homeless people but damaged streets is just another symptom of the local government not managing things. Maybe you need more deputies. Sincerely ██████████ ██████████
